EDUCATION

BSc Software Engineering Debre Markos University (DMU)

2017 – 2021 · Debre Markos,
Ethiopia

CERTIFICATION

PROFESSIONAL SUMMARY

Software Engineering graduate with **4+ years of professional experience** delivering full-stack web applications and cross-platform mobile apps for real-world clients. Currently working at **Ethiostars** as a Full-Stack Developer and QA Tester, where I build and test production web systems. I hold an **ISTQB CTFL certification** and have shipped multiple live products including an Ethiopian hotel booking platform, an e-commerce marketplace, and an offline-first mobile shop management app. I thrive in fast-paced environments and take ownership of projects from architecture to deployment.

WORK EXPERIENCE

Ethiostars

Dec 2022 – Present

Full-Stack Developer & QA Tester

Full-Time

- Build and maintain full-stack web apps for clients using **React** and **Node.js**
- Design RESTful APIs and integrate third-party payment services
- Write and execute test cases, perform regression testing and defect tracking
- Collaborate with teams to deliver projects on time; participate in code reviews

React Node.js MySQL REST APIs QA Testing Git
